ACTION

Acknowledgements

1. This action is responsive to Applicants' IDS received 24 November 2009.
2. This action has been assigned paper number 20091202 for reference purposes only.
3. Claims 1-16, 18, 19, 33, and 34 were previously allowed.

Information Disclosure Statement

4. The information disclosure statement ("IDS") filed 24 November 2009 fails to comply with 37 C.F.R. § 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.
5. Under 37 C.F.R. § 1.97 (e), Applicants are required to state either:
 - (1) That each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or
 - (2) That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, ***and***, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement. [Emphasis added.]
6. Applicants' statement of "[e]ach item of information in this statement was not first cited in any communication from a foreign patent office in a counterpart application which was more than three months prior to the filing date of this statement" fails to meet either of the statements under 37 C.F.R. § 1.97 (e). In Applicants' statement, it appears that Applicants have reworded

the two sections and blended the two together. Because Applicants' statement fails to meet either statement, the IDS can not be considered.
